OMMP Orientation

Many patients do not come through the MAMA Clinic to learn the basics of the OMMP. This class offers them a chance to learn where to get information about other drugs with which cannabis may interact, the timeline and dosages of different forms of cannabis medicine and a basic understanding of the limits of the law. Need not be a Cardholder.
Available in both The Dalles & Portland

Preparations Classes

In August we plan to begin offering a 'Preparation' class monthly in both The Dalles and Portland. We are acquiring a press for both locations, which can be used for butter, oil and glycerine. We do not have the schedule worked out yet, but will post it on our website www.mamas.org as soon as the schedule is known. Or call 503-233-4202 or 541-298-4202 and press 6 for class schedules.
