

From the Executive Director

With 2007 drawing to an end, marked by the arrival of snow and cold winds, we have many memories of this year and plans for the new year that warm our hearts. There is the joy of watching people find relief and like-minded friends from being involved in our program. We are encouraged by those who have stepped up to offer help for those who are new or in need.

Volunteers teach our classes, help with bookkeeping, make sure all the records are properly recorded and filed and the office plants kept healthy. There are those who come when help is needed getting mailings out and those who make sure our office and yard are always clean and inviting. Events require setup, cleanup and music and volunteers are there to help.

MAMA celebrated 25 years with a tour of Oregon, ending with an educational conference. The media coverage was very positive and indicates a changing attitude.

We are excited about what next year holds. We have added Darian, Amelia, Guadalupe and Darleen to our office staff and now have a team of four doctors, two licensed massage therapists and a Bowen therapist. We will soon be offering clinics outside of the Portland area.

We appreciate the support and dedication we enjoy from our members. Thank you all who have donated time, energy, resources and money to help us succeed. We couldn't do it without you. - Sandee
